

# YIHENG XIONG — CURRICULUM VITAE

Albert-Einstein-Allee 23, Department of Diagnostic and Interventional Radiology, 89081 Ulm - Germany  
[yiheng.xiong@uni-ulm.de](mailto:yiheng.xiong@uni-ulm.de) ♦ [xiongyiheng.github.io](https://github.com/xiongyiheng)

## EDUCATION

|                                                                                                         |                                                        |
|---------------------------------------------------------------------------------------------------------|--------------------------------------------------------|
| <b>Ulm University Medical Center</b><br><i>PhD Candidate in Computer Science, Advisor: Michael Götz</i> | <b>Dec. 2024 - present</b><br><i>Ulm, Germany</i>      |
| <b>Technical University of Munich</b><br><i>MS in Informatics, with Distinction</i>                     | <b>Oct. 2020 - Dec. 2023</b><br><i>Munich, Germany</i> |
| <b>Nanjing University</b><br><i>BE in Software Engineering</i>                                          | <b>Sept. 2016 - Jul. 2020</b><br><i>Nanjing, China</i> |

## RESEARCH EXPERIENCE

|                                                                                                                                                                                                                                                                                  |                                                                        |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------|
| <b>PhD Candidate / Research Employee</b><br><i>Section of Experimental Radiology, Ulm, Germany</i> <ul style="list-style-type: none"><li>Domain adaptation, domain generalization, learning from weak supervision</li></ul>                                                      | <b>Ulm University Medical Center</b><br><i>Dec. 2024 - present</i>     |
| <b>Research Intern</b><br><i>3D AI Lab, Munich, Germany</i> <ul style="list-style-type: none"><li>Probabilistic 3D object reconstruction from an occluded RGB image</li></ul>                                                                                                    | <b>Technical University of Munich</b><br><i>Jan. 2024 - Jul. 2024</i>  |
| <b>Postgraduate Researcher</b><br><i>CAMP Chair, Munich, Germany</i> <ul style="list-style-type: none"><li>Scene graph generation from chest X-ray images</li></ul>                                                                                                              | <b>Technical University of Munich</b><br><i>Jul. 2022 - Feb. 2023</i>  |
| <b>Research Assistant</b><br><i>3D AI Lab, Munich, Germany</i> <ul style="list-style-type: none"><li>Web development for <a href="#">ScanNet200 benchmark</a></li><li><a href="#">iOS application</a> development based on ARKit for <a href="#">ScanNet++ dataset</a></li></ul> | <b>Technical University of Munich</b><br><i>Apr. 2022 - Sept. 2022</i> |

## PUBLICATIONS

\* denotes equal contribution and † denotes shared last authorship.

**Y. Xiong**, L. Gallée, D. Santak Wolf, H. Hillenhagen, M. Götz. “Towards Practical Algorithm Selection in Unsupervised Domain Adaptation in Medical Imaging”, **AMAI @ MICCAI 2026**.

L. Gallée, **Y. Xiong**, M. Beer, M. Götz. “FunnyNodules: A Customizable Medical Dataset Tailored for Evaluating Explainable AI”, **MIDL 2026 (Oral, top 8%)**.

**Y. Xiong**, A. Dai. “PT43D: A Probabilistic Transformer for Generating 3D Shapes from Single Highly-Ambiguous RGB Images”, **BMVC 2024 (Oral, top 3%)**.

**Y. Xiong\***, J. Liu\*, K. Zaripova\*, S. Sharifzadeh, M. Keicher†, N. Navab†. “Prior-RadGraphFormer: A Prior-Knowledge-Enhanced Transformer for Generating Radiology Graphs from X-Rays”, **GRAIL @ MICCAI 2023**.

## SKILLS

|                              |                                    |
|------------------------------|------------------------------------|
| <b>Programming Languages</b> | Python, Java, C++, PHP, SQL, Swift |
| <b>Frameworks</b>            | PyTorch                            |

## ACADEMIC SERVICES

|                                                                          |                                                                      |
|--------------------------------------------------------------------------|----------------------------------------------------------------------|
| <b>Reviewer</b><br><i>MICCAI '25 - 26</i>                                |                                                                      |
| <b>Teaching Assistant</b><br><i>Introduction to Informatics (IN8027)</i> | <b>Technical University of Munich</b><br><i>Winter Semester 2022</i> |
