EDUCATION

Ulm University Medical Center

PhD Candidate in Computer Science, Advisor: Michael Götz

Dec. 2024 - present

Ulm, Germany

Technical University of Munich

MS in Informatics, with Distinction

Oct. 2020 - Dec. 2023

Munich, Germany

Nanjing University

BE in Software Engineering

Sept. 2016 - Jul. 2020

Nanjing, China

RESEARCH EXPERIENCE

PhD Candidate / Research Employee

Section of Experimental Radiology, Ulm, Germany

Ulm University Medical Center

Dec. 2024 - present

- Domain adaptation, domain generalization, learning from weak supervision

Research Intern

3D AI Lab, Munich, Germany

Technical University of Munich

Jan. 2024 - Jul. 2024

- Probabilistic 3D object reconstruction from an occluded RGB image

Postgraduate Researcher

CAMP Chair, Munich, Germany

Technical University of Munich

Jul. 2022 - Feb. 2023

- Scene graph generation from chest X-ray images

Research Assistant

3D AI Lab, Munich, Germany

Technical University of Munich

Apr. 2022 - Sept. 2022

- Web development for ScanNet200 benchmark 📄
- iOS application development based on ARKit for ScanNet++ dataset 🌐 📱

PUBLICATIONS

* denotes equal contribution and † denotes shared last authorship.

Towards Practical Algorithm Selection for Unsupervised Domain Adaptation in Medical Imaging

Y. Xiong, L. Gallée, D. Santak Wolf, H. Hillenhausen, M. Götz. AMAI @ MICCAI 2026. 📄 🌐

How Far from Clinical Deployment? Evaluating the Complete Unsupervised Domain Adaptation Pipeline in Medical Imaging

Y. Xiong, L. Gallée, D. Santak Wolf, H. Hillenhausen, M. Götz. WACV 2027, Early Accept 📄 🌐

FunnyNodules: A Customizable Medical Dataset Tailored for Evaluating Explainable AI

L. Gallée, Y. Xiong, M. Beer, M. Götz. MIDL 2026, Oral (top 8%). 📄 🌐

PT43D: A Probabilistic Transformer for Generating 3D Shapes from Single Highly-Ambiguous RGB Images

Y. Xiong, A. Dai. BMVC 2024, Oral (top 3%). 📄 🌐 📺

Prior-RadGraphFormer: A Prior-Knowledge-Enhanced Transformer for Generating Radiology Graphs from X-Rays

Y. Xiong, J. Liu*, K. Zaripova*, S. Sharifzadeh, M. Keicher†, N. Navab†. GRAIL @ MICCAI 2023. 📄 🌐*
